## ACCOMMODATING GROWTH

Growth is the only means to sustainability. The Lord has continued to increase our enrollment by an average annual rate of 8.6%. We believe that if the Lord sends students and families to enroll with us, He will deliver the plans and the provisions we need to accommodate that growth. Our constant prayer has been to respond to the Lord's leading with faith and obedience -- not to get a step ahead and not to fall a step behind.

## SHORT-TERM PLANS

Our partnership with Franklin Heights Church will allow us to reach more students as we add sections of elementary grades to accommodate enrollment growth through 2025.

## LONG-TERM PLANS & ANSWERED PRAYERS

The Board of Directors and our school administration have prayerfully discussed, researched, and prepared our Forward In Faith plans with input from experts in development, construction, and members of our school community that span across our 40-year history.

We believe the Lord has ordered our steps and revealed His will for us to build a new school facility in a new location to best reach, accommodate, and steward a sustainable enrollment of 550 students. Our Cooper Campus has served us well during our 40-year history and we are beyond grateful for the opportunity to minister to students through Christian education in such a beautiful setting. As the Lord provided the property for our initial campus, He has also moved to provide the property for a new campus.

A faithful and generous supporter of Christian Heritage Academy has stepped forward to secure the property on behalf of CHA as our first step Forward in Faith. Over the next five years, as our projected enrollment growth is realized and construction funds are raised through our capital campaign, ownership of the property will be transferred to CHA at no cost.

*"As a part of CHA for many years, we've seen what a blessing the school has been to many. More than ever, our young people need to be taught from a biblical worldview, and CHA has achieved this goal from day one. We pray that with this commitment, CHA's impact in our community, and with our young people, will continue to grow for decades to come."*

## NEW SCHOOL CAMPUS & FACILITIES

A strategic partnership with Balzer & Associates, MB Contractors Inc., and CHA has been formed to design and construct a new 60,000 sqft school facility on an approximately 80-acre campus with athletic fields and room for future expansion. Please be encouraged to review our renderings and celebrate this exciting opportunity with us!

## MOVING FORWARD IN FAITH WITH US

Our Forward In Faith Capital Campaign will launch in January 2022. However, there are multiples ways to get involved and help us take our next steps. To discuss one-time donations, planned giving, estate gifts, or anything else the Lord may have placed upon your heart to help us move forward in faith, please contact Mr. Tony Quist at [tquist@chaknights.org](mailto:tquist@chaknights.org) or 540-483-5855.
